May 29, 1991

Mr. Jim Gamble
Appleland Pump & Equipment
380 East Penny Road
P. O. Box 3011
Wenatchee, WA 98807

Dear Mr. Gamble:

Your Notice of Intent to Install an underground storage tank(s) at Big B Mini Mart, 1611 Canyon Rd., Ellensburg, Washington, was received by Ecology on May 24, 1991. You may proceed with the installation on or after June 24, 1991, which is the day after the required 30-day waiting period.

A copy of your notice has been forwarded to the appropriate regional office. Field people with the Underground Storage Tank Program may visit your site during or after the 30-day waiting period; however, with the many tank installations now taking place, it is not possible to visit every site.

If you do not already have an Underground Storage Tank Notification Form and an Installation Checklist, you may receive them by contacting our office at (206) 493-9225 or writing to the Underground Storage Tank Section, Department of Ecology, Mail Stop PV-11, Olympia, WA 98504-8711. The UST Notification Form and Installation Checklist must be filled out and returned to this office within 30 days after installing your tank(s) in order to comply with the state underground storage tank rules, Chapter 173-360 WAC.

Sincerely,

Bruce Smith, Supervisor
Data Management Unit
Underground Storage Tank Section
